

Our Mission:

Our mission is to help our clients overcome the barriers that are in the way of them successfully completing their court ordered services and providing services to all despite any barriers that may occur. In order to fulfill this mission, we are working in the communities that they live in; the counties of Hendry, Glades, Lee and Charlotte. We will be offering services during the day, evening and weekend to ensure that every client has an opportunity to complete their court ordered services.

Beyond Barriers, Inc
3677 Central Ave, Suite I
